The image contains a page focused on NCLEX® Statistics. The page includes statistical questions about NCLEX, credits for statistical questions to Yoon Kim, PhD, Senior Psychometrician, Examinations Department, and contact information. It also lists media inquiries to Dawn M. Kappel, MA, Director, Marketing and Communications.

The page features tables detailing the examination volume and pass rates for registered nurses (RN) and practical/vocational nurses (PN) for different quarters of 2017. It mentions that multiple steps are required before a nurse can enter the profession, including graduating from a recognized nursing program, meeting the specific requirements of the state board of nursing, and passing the National Council of State Boards of Nursing (NCSBN) NCLEX® examination for registered nurses (RNs) or licensed practical/vocational nurses (LPN/VNs).

Additionally, the page lists the top five countries where nurses were educated outside the U.S. and who took the NCLEX examination, with a particular focus on the Philippines as the top country in 2017. It also notes the passing rates associated with the National Council of State Boards of Nursing (NCSBN) NCLEX® examination and provides a link for more detailed NCLEX Examination statistics, including historical pass rates, under the NCLEX Examinations section of NCSBN’s website, www.ncsbn.org.

The page also contains a section on contacts, providing statistical questions about NCLEX, media inquiries, and contact information for NCLEX®, along with the NCSBN’s address and website.

In summary, the page is a comprehensive resource for understanding the examination volume, pass rates, and country-specific data related to NCLEX®.
