Finding it difficult to hit your stride as a new nurse?

Feeling confident in an entry level role can be challenging. We're here to help.

The Transition to Practice e-learning program from NCSBN Learning Extension is a great way to help you apply your skills and expertise with compassion.

Five online courses carefully developed by nursing experts will help you build key competencies so you can feel empowered on the job.

Learn proven communication strategies and techniques to empower patients, and their families, and more. Each course features easily digestible bites of information like quizzes, videos, and discussion prompts.

We know new nurses are busy. That's why the Transition to Practice program was designed to easily fit into your schedule. You'll get unlimited, 24-hour access to the courses on any device.

Ready to make the transition from entry level nurse to confident professional?
