

NCSBN Symposium:

# Solutions Addressing Nursing Workforce Crisis

NCSBN and health care leaders unveil proven solutions to address nursing staffing, wellness and workplace challenges

NCSBN's 2022 Workforce Study revealed the stark reality of nursing burnout and intent to leave the industry, leaving health care leaders apprehensive and concerned for their industry's future, and many nurses feeling like their voices were finally heard. This solutions-oriented symposium will bring together leading health care professionals to discuss ways they are proactively addressing nursing wellness, staffing and workplace safety.
